## Chairman out on the road again.

Here we are in October ready to start the new 12 car series. Over the closed season there have been loads of discussions on what should we do or do nothing and just wait until we get jumped on by the MSA or the police.

Well as you know we are trying a few little things for the new season and hopefully we will have a quiet year with no problems.

Don't forget we are starting this year with no spotlights on the cars, the only real reason for extra lights is to see further so you can drive quicker, so no lights lower speeds = less noise and hopefully less of the public will know we are passing

## Woodbridge Stages Rally

For the first time this year we have been rallying in the Plandescil MG ZR, after an engine and gearbox rebuild we thought we had a better have a go before the trip to Mull.

For us it was just a short drive down to RAF Woodbridge for the Cadman Construction Woodbridge Stages.

I still left the house just after 6am so I could be in scrutineering early as the car has not been out for almost a year and things change with the MSA regulations and I never had liked this bit of the event build-up

With the friendly faces of Henry Fairhead and Rob Dominy in charge I need not to worry as if there is anything wrong they would help us sort it out if possible. There was nothing wrong with the car or our crash helmets and race suits, so we were in and ready to go.

By the time Andy and I had returned from the scrutineering session the rest of the team had turned up and as they wanted to have a look at the bits and pieces on the car so in no time the wheels were off and the car on axle stands.

It was soon time to start the rally, I will not bore you with a blow by blow stage report we were slow out of the blocks and we did speed up as the event went on. With just six stages it was soon all over, we made some adjustments throughout the day to both the suspension and brakes.

So in theory we are all ready for Mull, just a few jobs to finish before we go.

## **WOODBIDGE RALLY**

A Marshal's view of the day

Members of Sccon Team: Maggie and Geoff Bateman, Grace & Rob Philp, Paul Doodson  
Matt, Chris, Adam, Emma and myself Christine.

We all meet at the marshal signing on post, having been given our paperwork and the junctions we will be covering for the day.

Some of us decided that before we go out to our post we would have a bacon roll and either a cup of tea or coffee.

We all got in our cars and playing follow Geoff made our way down to junctions 23, 24 & 25.

After looking at the stage layout and having a briefing session we settled down ready for the first car to arrive. What a lovely sound we heard echoing through the air, a ford escort.

Stage one & two where soon over and we all had a drink and a piece of homemade chocolate or Victoria sponge.

Stage three was under way and this time round the cars were trying harder with tyres and wheels

screaming, sliding the backend, screech of brakes to get round the corner.

The drivers that were trying really hard were going round the long corners on three wheels.

And stage four completed it was time for lunch. After making slight changes to our junctions we put the Kettle on & frying pan making bacon rolls for lunch.

Lunch over Stage 5 & 6 got underway.

When Martin and Andy went pass us on stage 6 we all gave a cheer and waved liked crazy. He had finished yippee.

Christine

PS we did not have to do anything all day that's what we call marshalling

A good day out

## Go motorsport

After we get back from Mull, Christine and I will charging around trying to get the details finalised for the GO Motorsport day at Snetterton. This is where you the club members come in, we need your help on the day to talk to the visitors about motorsport and point them in the right direction on the day. There will be lots of motorsport stands and activities; you will need to go onto the go motorsport web pages to register for your free ticket to get in. We have taken over the small 100 circuit for our activities, and the bonus is you will be able to watch Classic Cars Racing at the same time.

**We are hoping to send out regular reports though out the Mull Rally on the clubs face book as well as ours**

## **WAVENEYS 12-CAR NAVIGATION EVENT 2014 (Round 2 12 car series)**

Peter Riddle has stepped in, late in the day, to organise the second 12-car of this season on Friday 7th November. The navigation will tell you what to do and there will be a new feature – that will only be used as a tie decider. Peter reckons this is the best route of any 12-car he has organised, with plenty of very lightly inhabited roads. There will be no rough whites, but there will be a couple of new roads that haven't been used on any SCCON 12-car over the last 21 years. The start will be at Waveney's in Tivetshall (previously Waveney Pumps) who are kindly sponsoring the event. The finish will be at Caistor Hall in Caistor St. Edmund (not Caister near Yarmouth!) It will be on maps 144 and 134 but you will NOT need the latest versions of these maps.

## **GoMotorsportLive! EAST**

Sunday 19<sup>th</sup> October 2014

### **Snetterton Circuit**

The principle objective of the show is to encourage people to get involved in motor sport in any form; that is any discipline and any involvement including competing, marshalling, organising etc.

To get the message over a series of live demonstrations of each discipline will run to a timetable on the 100 circuit.

AutoSOLO demonstrations will go on non-stop all day with visitors having an opportunity to sit next to a driver through the test.

To support the live demonstrations and to provide visitors with an opportunity to talk over the reality of involvement (what it means, what it costs, how to get involved etc.) there will also be a number of static stands run principally by local clubs.

Anyone interested in a particular discipline will be directed to a particular stand where there will be information to look at and 'experts' to talk to.

Look after the club stand

Drive your car around the AutoSOLO / Autotest type test

Load passengers into the cars

Promote the club

Hi Everyone

Below is a list of events over the next few months, Christine and I should be out on most of them. Please consider entering them and if you don't why not marshal it is just as much fun !!!!!!!!!!!

Friday, Saturday, and Sunday October 10th-12th, Isle of Mull, just off the Scottish coast. The Plandescil Rally team attempts to finish this year. 150 cars have entered this year so it would be great just to finish and even better if we could snick into the top 100

Sunday 19th October Go Motorsport. Snetterton. Free to attend if you go to the web pages to register, we need your help to man the stand, talk to visitors and even drive the autosolo test

Sunday 26th October, Sculthorpe. Lynn Charity Stages. Entries have started to flood in for the only rally at Sculthorpe this year (I already know the area we should be marshalling)

Sunday November 2nd, Debden. Autosolo and Autotest. Last of this years series, Champions to be crowned here. If you have not done this sort of event before why not give it a go ready to win next years series

Sunday November 9th, Woodbridge, Chelmsford Targa Rally. The last of this year's series. Almost stage mileage for a small entry fee

Sunday November 16th Cadders Hill near Lyng just off the Fakenham Road 8 miles from Norwich. This is one of the first rounds of the area trials series. Christine will be on hand with tea, coffee etc.

Saturday January 17th 2015, Brands Hatch Winter Stages. We have marshalled on this event for the last 4 years and it is good fun, we might even stay close overnight.

If you should decide to come and marshal for the first time we will guide you all the way  
If you want to know more give me a call (01502 716280) or email [cjnewson32@yahoo.co.uk](mailto:cjnewson32@yahoo.co.uk)
