

Options Glazing 12-car Map Reading & Navigation Event - 20th November 2026

Julian Riley in his 12-car winning Saab 96

Ayrton Senna's Van Diemen RF81

This is the final event of the SCCON / KLDMC 2026 12-car Series

It has a very lightly populated 55-mile route that should be super enjoyable to drive and almost any car is suitable. Crews of two will follow the route on Ordnance Survey 1:50,000 maps and will also need to follow some diagrams given to them at the start. See below for some typical examples. The navigation will include the locations of every diagram. The sponsor is Options Glazing. When they moved to Snetterton in 2019, they occupied the unit where the restoration of Ayrton Senna's first UK racing car had just been completed. Full details of how to enter or marshal will soon be on the club's web-site at:

<https://www.sccon.co.uk/>
